About me

I've been working as a software engineer in Belarus for about 3,5 years. Because of current situation I'm looking for possibility to start new career in Poland as .Net or Xamarin software engineer. I'm communicable and easy-going person, able to work in a team and independently. I'm really passionate about .Net world, have experience with mobile application development on Xamarin and with full-stacks development.

Summary

Full-stack .Net developer with ability to learn quickly and fast adapt to new situations. Have good knowledge of .Net framework (Microsoft MCSD, 2018), rich experience in cross-platform mobile applications development on Xamarin. English level – B2.

Skills

English B2 (Upper-intermediate), C#, LINQ, .Net, Rx.Net, ASP.NET MVC, Xamarin, Android, iOS, CI/CD (Azure devops, MS App Center), Entity framework, Bootstrap, Git, MS SQL Server, SQLite, RealmDB, Angular, Browser dev tools, Postman, Fiddler, Telerik UI, NUnit, Mock, DI, MVVM
