

CURRICULUM VITAE – JOANNA CZARNOCKA

Personal data:

- name: Joanna Czarnocka
- e-mail: joanna.czarnocka@conscioussoftware.pl
- mobile: (0048) 691-482-245

Education:

- University of Warsaw, M.Sc. in Computer Science, 2004
- University of Warsaw, B.Sc. in Mathematics, 2000
- University of Warsaw, M.Sc. in Management, 2009
- Warsaw School of Economics, postgraduate studies: Business Analyst – Professional between IT and Business, 2014
- Warsaw University of Technology, postgraduate studies: Algorithms, Tools and Applications for Big Data Problems, 2021

Certificates:

- Professional Scrum Master I (PSM I), Scrum.org, 2019
- Professional Scrum Product Owner I (PSPO I), Scrum.org, 2019
- REQB Certified Professional for Requirements Engineering, 2018
- R Programming, Johns Hopkins University, Coursera, 2015
- The Data Scientist's Toolbox, Johns Hopkins University, Coursera, 2015
- OMG Certified Expert in BPM 2™ (OCEB 2™), 2015
- Business Processes' Analyst, MGX INFOSERVICE, SQAM, 2014
- OMG Certified UML Professional Fundamental (OCUP), 2013
- Oracle PL/SQL Developer Certified Associate, Oracle, 2010
- SAS Certified Advanced Programmer for SAS 9, 2008
- SAS Certified Base Programmer for SAS 9, 2007
- Certificate in Advanced English, 2007
- Sun Certified Programmer for the Java 2 Platform 1.4, 2004 (expired)
- DTP Operator, Polish Ministry of Education, 2011

Competencies:

- programming languages: SQL, PL/SQL, SAS 4GL, Java (Hibernate, Spring), JavaScript, C++, HTML, R, Python, Unix scripting
- database design and development: Oracle 9i .. 12c, SAS 9, MS SQL Server
- requirements gathering, systems analysis and modelling: UML, BPMN
- data modelling (ERD, DFD)
- testing: unit, systems, integration, UAT, TDD, Jenkins, utPLSQL, JUnit
- technologies: Oracle (RDMS, Designer, Forms), SAS, XML
- database development tools: TOAD, PL/SQL Developer, SQL Developer
- selected tools: Enterprise Architect, Visio, Eclipse, IntelliJ IDEA, Jupyter Notebooks, JIRA, confluence, Redmine, Trello, Github, GitLab, GIT, SVN
- business areas of projects: banking, finance, telco, accounting, FMCG, health, industry
- languages: Polish - native, English - advanced (CAE, participation in professional projects in UK)

Professional Experience (Profile: Designer – Programmer, Analyst):

Conscious Software (Self Employed)

- role: Designer – Programmer (since February 2020)
- tasks: development of financial - accounting solutions
- technologies: Sparx Enterprise Architect, UML, Oracle 12c, PL/SQL, Oracle Designer, Oracle Forms, Oracle Reports, GIT

TUnŻ Warta

- role: Technical Designer – Programmer, Senior Technical Designer - Programmer (March 2017 - January 2019)
- tasks: development of core system, advanced sales system for **insurance customer** and adjacent systems
- technologies: Oracle 11g/12c, PL/SQL, Oracle Forms, Web Services, SoapUI, JIRA, SVN

Engineering Design Center at Institute of Aviation

- role: Senior Software Engineer (December 2016 – February 2017)

- tasks: database development for **industrial** applications and data hub
- technologies: Oracle 11g, PL/SQL, rally, GIT

Experian ph (London)

- role: Senior Database Developer (August 2015 – May 2016, United Kingdom)
- tasks: developing analytical system (AML) for customer from **banking industry**, process verification, reporting, tests automation, documenting
- technologies: Oracle 12c, PL/SQL, utPLSQL, Jenkins, HTML, XML, MS Project, Redmine, SVN

Pentacomp Systemy Informatyczne S.A.

- role: Analyst, Programmer (May 2015 – July 2015)
- tasks: analysis and programming for **health sector**
- technologies: PL/SQL, SAS Data Integration Studio, SAS 4GL, Java, Web Services

Self-employed

- role: Analyst (March 2015 – May 2015)
- tasks: production management system's logic modeling, GUI design for project for customer in **production industry**
- technologies: UML and BPMN, Enterprise Architect

Axiom

- role: Solutions Developer (November 2012– July 2014)
- tasks: database and processes and integration development, testing, issues analysis, documentation, installation instructions, customer support, technological training, coding standards
- project for customers from **FMCG industry** (advanced e-marketing platform)
- technologies: Oracle 11g, PL/SQL, Web Services, Linux, Java, ITIL

Astek

- role: SAS Programmer (July 2012 – October 2012)
- project: Data warehouse for a risk department for a customer from **banking sector**
- tasks: programming ETL jobs, OLAP cubes, reports
- technologies: SAS 4GL, SAS Data Integration Studio, SAS Enterprise Guide, SAS OLAP Cube Studio, SAS Web Report Studio

TouK sp. z o.o. s.k.a

- role: Analyst, Developer, Designer (August 2009 – July 2012)
- tasks: information systems analysis, design, development and testing, customer facing, process and product change requests analysis, database solutions design, processes optimization, customer support, GUI design
- projects for customers from **telecommunication industry**:
 - customer verification and sales support system, based on multiple processes retrieving large volumes of data and communicating with other operators to exchange customer information
- technologies: Oracle, PL/SQL, ERD, UML, BPMN, confluence, JIRA

SAS UK (Marlow, UK)

- EuroManager II, project under UE Leonardo da Vinci Programme (January 2008 – April 2008)
- role: Consultant (placement during employment in SAS Institute Poland)
- tasks: analysis, development, design, customer support, testing, documentation, knowledge transfer, presentation
- project for a **public sector** institution: data integration, data flow implementation (SAS Data Integration Studio, SAS XML Mapper, Netezza)
- internal data quality improvements and knowledge transfer (DataFlux dffPower Studio, SAS Data Integration Studio)

SAS Institute Poland

- role: Consultant, **Telecommunication** Business Unit (March 2006 – July 2008)
- tasks: development of solutions and dedicated systems, design, analysis, documentation, requirements gathering and specification, presentation, projects:
 - **Data warehouse** and **Analytical Data mart** for a **telecommunication** company (ETL, metadata, SAS Data Integration Studio, SAS 4GL, SAS Information Map Studio, SAS Enterprise Guide, SAS Cube Studio, Oracle)
 - **SAS Forecast Server**: pilot project and product presentation for prospects;

- **Price Plan Optimizer:** client/server solution for **telecommunication industry** companies (international project), data processing, reporting and GUI development, metadata management, Java, Swing, SAS 4GL, SAS Stored Processes, SAS Enterprise Guide, UML;
- **Credit Scoring System:** intranet application for system monitoring and administration, data processing, reporting and GUI development, HTML, Java, JDBC, Struts, JavaScript, Oracle, PL/SQL

Fund – Services

- role: Designer – Programmer (August 2004 – December 2005)
- projects: transactional system for operations of insurance department, reports generator, data flows, system meta - description, development, documentation
- technologies: Oracle Designer/Forms/Reports/ Enterprise Manager, PL/SQL, Java Stored Procedures, JDBC, ERD modeling, ForeDocLet

Student internships during studies at University of Warsaw:

- **COMARCH** (developer): Oracle, PL/SQL, Delphi
- **Infovide** (consultant/developer in integration platform team): Tibco, XPath, J2EE, Web Services, SOAP, Oracle, PL/SQL, Access, Visual Basic
- **Andersen** (consultant in Business Intelligence team): cost calculation system for a telco company, Oracle, JavaScript, VBScript
- **Weil, Gotshal & Manges** (assistant)

Selected Trainings:

- Big Data – training in workshop form, Jsystems
- Machine Learning with Python, Bluemetrica
- Oracle 11g: Tuning SQL – workshop accordant with the authorized training, JSystems
- Python Programming Training, ALX
- Fundamentals of Business Processes Modelling by Means of BPMN 2.0, MGX INFOSERVICE, SQAM
- Enterprise Architect for Business and Systems Analysts, Michal Wolski
- Microsoft SQL Server - certified trainings during postgraduate studies at Warsaw School of Economics
- Oracle BI, Oracle Partner Hub Academy
- Computer Graphics DTP, Foundation Atelier
- Challenges of Sustainable Development, Sendzimir Foundation
- Economics of Sustainable Development, University of Oxford
- SAS Base Programming, SAS Data Integration Studio, Administration, Optimization, Statistics, Decision Trees &
- Neural Networks, SAS Information Map Studio, SAS Institute Poland & SAS UK
- Practical Applications of Data Analysis and Data Mining, StatSoft
- Research Supporting Introduction of New Product to Market, PTBRIO
- Knowledge Factory, The Art of Public Presentations in Image Creation
- team working, negotiations, time management, University of Warsaw
- photography course, Travels with Photography – Photography in Travel
- English language vacation course, Cambridge, International Languages Academies Limited

Additional Activities (paused):

- International Institute of Business Analysis (IIBA)
- Polish Oracle Users Group (PLOUG)
- Center for Systems Solutions
- Intel Berkeley Technology Entrepreneurship Challenge, 2007 – member of the Polish round winning team
- International Baccalaureate (High School) thesis including programming in Pascal on cellular automata

Hobbies:

- Photography, Sustainable Development, Data Science

DISCLAIMER: I give my permission for the processing of my personal data that is essential for the recruitment process.

Wyrażam zgodę na przetwarzanie moich danych osobowych dla potrzeb rekrutacji (zgodnie z art. 6 ust. 1 lit. a Rozporządzenia Parlamentu Europejskiego i Rady (UE) 2016/679 z dnia 27 kwietnia 2016 r. w sprawie ochrony osób fizycznych w związku z przetwarzaniem danych osobowych i w sprawie swobodnego przepływu takich danych oraz uchylenia dyrektywy 95/46/WE (ogólne rozporządzenie o ochronie danych).
